59TH CONGRESS, 2d Session. } HOUSE OF REPRESENTATIVES. { DOCUMENT No. 133.

ROLLS OF CERTAIN INDIAN TRIBES IN OREGON AND WASHINGTON.

LETTER

FROM

THE SECRETARY OF THE INTERIOR,

TRANSMITTING,

WITH A COPY OF A COMMUNICATION FROM THE ACTING COMMISSIONER OF INDIAN AFFAIRS, THE ROLLS OF CERTAIN INDIAN TRIBES IN OREGON AND WASHINGTON FOR USE IN REFERENCE TO A CERTAIN AGREEMENT OF AUGUST, 1851.

DECEMBER 6, 1906.—Referred to the Committee on Indian Affairs and ordered to be printed.

DEPARTMENT OF THE INTERIOR,
Washington, December 5, 1906.

SIR: I have the honor to state that in the Indian appropriation act for the fiscal year 1906 (33 Stat. L., 1073) the following legislation appears:

That the Secretary of the Interior be, and he is hereby, authorized and directed to investigate the number of Clatsop Indians of Oregon and Washington, Tillamook Indians of Oregon, Lower band of Chinook Indians of Washington, and Kathlamet band of Chinook Indians of the State of Oregon, or their heirs, who can be identified as belonging to said tribes at the time of executing certain agreements dated August fifth, August seventh, and August ninth, in the year eighteen hundred and fifty-one, and report his findings to Congress at its next session.

In compliance with this law, Supervisor Charles E. McChesney was, on December 8, 1905, directed to proceed to the reservations in Oregon and Washington upon which some of the said Indians resided and elsewhere, as might be necessary, to make the investigation, and I have the honor to inclose herewith copy of a letter from the Acting Commissioner of Indian Affairs, dated the 1st instant, transmitting the supervisor's report, dated the 15th of November, 1906, submitting rolls of the Lower Chinook, Kathlamet, Tillamook, and Clatsop Indians, together with the evidence taken in support of the same.

Very respectfully,

E. A. HITCHCOCK, *Secretary.*

THE SPEAKER OF THE HOUSE OF REPRESENTATIVES.

DEPARTMENT OF THE INTERIOR,
OFFICE OF INDIAN AFFAIRS,
Washington, December 1, 1906.

SIR: Referring to Department letter of April 12, 1905, relative to the provision contained in the Indian appropriation act for the fiscal year 1906 (33 Stat. L., 1073), authorizing and directing the Secretary of the Interior to investigate the number of Clatsop, Kathlamet, Tillamook, and Lower Chinook Indians in Oregon and Washington, etc., and to Department letter of April 19, 1905, directing this Office to carry the same into effect, I have the honor to report that Supervisor Charles E. McChesney was, under date of December 8, 1905, directed to proceed to the reservations in Oregon and Washington upon which some of the said Indians resided, and elsewhere as might be necessary, in order to make the investigation and gather the data required.

The supervisor was instructed to confer freely with the Indian agents and superintendents in charge of reservations in order to locate all the Indians or their heirs, many of whom are scattered throughout the States of Oregon and Washington and do not belong to any agency. He was also directed to make the investigation as complete as possible, take testimony, examine the agency records and, in fact, exhaust every available source of information in his efforts to get at the facts with respect to those Indians and their heirs.

The Office is now in receipt of the supervisor's report under date of the 15th ultimo, submitting therewith rolls of the Lower Chinook, Kathlamet, Tillamook, and Clatsop Indians, together with evidence taken in support of the same, all of which is respectfully inclosed herewith for transmission to Congress in accordance with the provision of the act referred to.

Very respectfully,

C. F. LARRABEE,
Acting Commissioner.

THE SECRETARY OF THE INTERIOR.

DEPARTMENT OF THE INTERIOR,
UNITED STATES INDIAN SERVICE,
Pawhuska, Okla., November 15, 1906.

SIR: I have the honor to transmit herewith separate rolls of the Lower Chinook, Kathlamet, Clatsop, and Tillamook Indians who made treaties with the United States in August, 1851, now living, and the heirs of those who have died since 1851, four rolls.

Also the original copy of the testimony, being statements numbered from 1 to 115 inclusive, on which the rolls are based, and a typewritten copy of the same. Also names with post-office addresses of all the parties enrolled.

I also return herewith the copy of Senate Document No. 340, Fifty-seventh Congress, first session, and copies of Senate Executive Document (confidential) Nos. 39 to 58 inclusive, Thirty-second Congress, first session, being articles of agreement entered into with several Indian tribes.

The statements of the claimants contain all that could be ascertained in the various cases and in many instances the statements of claimants are confirmed by the testimony of others.

My conclusions are that, unless otherwise stated in my notes attached to the individual statements, the testimony is reliable and should be accepted. Such notes are intended also as my report on the individual cases.

I have enrolled a number of heirs without being able to see the parties, but in all such cases I am satisfied from the testimony of others that such enrollment should be made and is correct.

DEC 22 1906
D. of D.

It may be that some heirs have been omitted, but I have used every endeavor and exhausted every possible source of information in my efforts to ascertain all the heirs. The claims of all whose names were given me at various places were carefully investigated, but evidence was taken only where it was necessary—in several such cases the parties concerned, when seen, told me frankly that I had been misinformed as to their Indian blood, and that they were not heirs of any of the tribes I was at work on. In such cases it was not considered necessary to take their testimony. Some of the statements taken (particularly of the younger heirs) are not as full and complete as could be desired, but it was the best they could do, and it is not to be wondered at, after the lapse of so many years, that they should not be able to give a clear account of their ancestry back to 1851, when one considers the class of people. In such cases I endeavored to supplement their testimony by that of others who had knowledge of the case. I was fortunate in finding two old people at Bay Center, Wash., who remember the Lower Chinook and some of the other tribes before 1851, and who still retain in their old age much of their mental vigor, and I found them of great assistance.

I also transmit herewith the evidence taken in six other cases, with my conclusions thereon, that the evidence presented and other reasons given in the notes do not justify the enrollment of the claimants, viz: Elizabeth Menard, Edward Teabo, Henry Wallace, Elizabeth Blacketer, Larose Quenal, and Mary Klamath, and I have not enrolled them.

In the case of Mrs. Sophia Morris (see statement No. 31), who is a Lower Chinook claimant, I have to state that her Indian blood comes from the maternal side, and that her mother is living, and that consequently Mrs. Sophia Morris is not an heir.

In regard to the claim of Mrs. Nancy Garvais (see statement No. 38), who claims with the Clatsop Indians on her maternal side, I would respectfully invite attention to the pay roll of the Naalem band of Tillamook Indians, made in July, 1898, by Agent T. J. Buford, No. 2, in red ink, wherein Nancy Gervais appears as the daughter of Tulasaske, and receives pay on account of her said mother with the Naalem band of Tillamook Indians.

I also call attention to the statement of Mrs. Clara Oskalowis Pearson (Statement No. 39), who claims with the Tillamook Indians on account of her mother, who is alive. She has not, therefore, been enrolled with the Tillamook Indians.

I also call attention to the claim of Mrs. Louisa Wyaleta (Statement No. 40), who claims with the Tillamook Indians on her maternal side. On pay roll of the Naalem Indians, before referred to, made by Agent Buford, Louisa Wyaleta appears as the daughter of No. 30, in red ink, being Teeachecano, wife of Wyaleta.

I also call attention to the case of Joseph Duncan and his sister Mary Duncan Angelo (see Statement No. 91), who claim with the Clatsop Indians on their maternal side. On pay roll of Naalem band of Tillamook Indians, before referred to, made by Agent Buford, Joseph Dunkle, or Duncan, No. 33, in black ink, appears as the son of Clequost, wife of Clecleste, or Dunkle, died 1880; consequently neither Joseph Duncan nor his sister have been enrolled with the Clatsops.

I am indebted to Mr. Harrison Allen, of Astoria, Oreg., attorney for the Lower Chinook and Clatsop Indians, for much valuable assistance and courtesy shown me. Mr. Allen has done much work for these Indians before the Court of Claims and elsewhere, for which he has as yet received no compensation, and he asks that in case an appropriation is made to carry out the unratified treaties with these Indians, that some arrangement be made whereby he will receive proper compensation for his work.

Very respectfully,

CHAS. E. MCCHESNEY,
Late Supervisor of Indian Schools.

COMMISSIONER OF INDIAN AFFAIRS,
Washington, D. C.

Samuel Mallet, of Bay Center, being duly sworn, deposes and says he is 76 years of age and born at Bay Center, and belongs to the Waukikum tribe of Chinook Indians.

I knew Cumcumley, a Lower Chinook Indian and one of the signers of the 1851 treaty. He died nearly forty-two years ago. Cumcumley had 5 children, 4 of whom died before Cumcumley did. One daughter survived him, whose name I do not now remember and who died about two or three years after Cumcumley died, and without issue, aged about 15 years. Cumcumley lived at the mouth of the Columbia River, near where Fort Columbia now stands, on the Washington side of the river.

I knew Kulchute, a Lower Chinook Indian and one of the signers of the 1851 treaty. He died of smallpox before Cumcumley's death. Kulchute had two wives and three children; both wives and two of the children died before Kulchute died. The daughter who survived Kulchute was named Tah-shuck, who is now dead, leaving as sole issue and heirs one son and one daughter, viz, Edward Smith, who now lives on the Chehalis Reserve, Oakville, Wash., and his sister, Maggie Smith, now Mrs. Joseph Pete, who lives same place. He continued on his journey to South Bend, Wash., and promised to send me a statement, which I never received, and I could not find him again. He is, however, somewhere in the logging camps or sawmills of the country around South Bend, Wash. Vasco Bouten's statement omits to name some of his mother's heirs, he doubtless considering that the heirs of those children who have died since were not entitled to share, nor the second husband of his deceased mother, named Nicolus Nienburg, who is alive at Chinook, Wash.

My mother's name was Cluts car now and she was a Tillamook Indian woman, and she died when I was about 8 or 9 years of age, aged about 48 years. When the Nalem band of Indians was paid in 1898 I think I received over $900. I had one brother, but he is dead. He was married, but his wife is dead without issue. I had two sisters, but they are both dead. One was named Nancy and married a white man named Hodge, who is dead, and there was no issue. My other sister was named Maggie and she married a white man named Ely who was alive the last I heard, and they had two children who are both dead without issue. I do not know where Ely now is.

Nine years ago I married Lucy Sampson, who was a Tillamook Indian woman, and she died December 28, 1905, aged 47 years. Mary Klamath, of the Siletz Agency, Oreg., being duly sworn, deposes and says she is 58 years of age, and a member of the Checto tribe of Indians.

About 1883 I married William Baxter, and he lived about a year after we were married. William Baxter was a Tillamook Indian; his father being John Baxter, a full blood Tillamook Indian. I do not know the name or tribe of my husband's mother, but his father was alive in 1851, when the treaty of that year was made with the Tillamooks. My husband, William Baxter, was about 40 years of age at the time of his death. No children were born of my marriage with William Baxter.

John Baxter, being duly sworn, on oath deposes and says:

William Baxter, who married Mollie Bob, otherwise known as Mary Klamath, was my half-brother. He was three or four years older than myself and a son of my mother. We had different fathers. I do not know the name of William Baxter's father. My mother was half Tillamook and half Nastooket. William Baxter's father was a full-blood Alsea Indian, and I think he died before I was born as I never saw him. William Baxter had no full brothers nor sisters. I think William Baxter died about twelve years ago. My son Andrew Baxter (24 years old) was in school then.

DEPARTMENT OF THE INTERIOR.
UNITED STATES INDIAN SERVICE,
Siletz, Oreg., July 31, 1906.

DEAR SIR: In answer to your letter of July 20, making inquiries about William Baxter, will say that I recently made a journey to the Salmon River near the Baxter home and made it a point to see him, taking his affidavit. You will notice that he admits William to have been a half-brother on his mother's side. Just now I have interviewed Mary Klamath, and she has made the same statement to me, in spite of the fact that she told you that John Baxter, sr., was the father of William Baxter. The roads are better, but still there are a few holes in them.

Very respectfully,

KNOTT C. EGBERT,
Superintendent and Special Disbursing Agent.
